

STUDENT A

1. The following information is about you and members of your family. Read it carefully and fill in the part of the grid which is about you.

Živiš u severozapadnom Beogradu. Radiš u velikom supermarketu. Ideš na posao vozom. Putuješ do supermarketa 40 minuta.

Tvoja majka radi u frizerskom salonu. Ide na posao autobusom i putuje do salona pola sata.

Tvoj otac radi u lokalnoj apoteci . Ide na posao pešice i hoda 20 minuta do apoteke.

Članovi porodice	Gde radite	Kako ideš/idu na posao	Koliko ti / im treba do posla
Ti			
Tvoj otac			
Tvoja majka			
Student B			
Majka studenta B			
Otac studenta B			
Student C			
Majka studenta C			
Otac studenta C			

2. Talk to other students in your group, Student B and Student C, and find out about the members of their families. Make sure you use the correct question forms.

Example:

Gde radi tvoja majka?

Kako ide na posao?

Koliko joj treba do posla?

3. Once you have completed the table, add up how long it takes each person to get to their work and decide which family lives closest to their work.

STUDENT B
