

FAVOR: Puhkusel Eestis: On holiday in Estonia

You've decided to get away from it all and rent a remote country cottage for the month of June on the beautiful island of Hiiumaa in Estonia, from a family who want to swap homes with you. They speak very little English, but they want to make your stay pleasant for you. There are three challenges you must face:

- how to fill the larder for your holiday;
- how to find the house in your rented car;
- and how to heat the **saun** so you can have a bath!
- In the following three exercises you will try to solve these challenges!

Filling the larder

Your helpful house-swappers have provided you with a useful shopping list so you can go to a market (such as **Tallinna Keskturg** or Tallinn Central Market) before you set off. They don't know the English names for the groceries, but at least they can provide pictures, with this instruction: **Ostke värsket toitu!** Buy fresh food!
